	Content - 30 pts	<ul style="list-style-type: none"> One trait chosen from each article. P1 - Contains book title, author's name, summary, leader's name, and ends with a properly formatted thesis statement that contains the three traits you've chosen. P2-P4 - Trait listed, quote from article present, quote from book as evidence present, elaboration to explain article/novel connection is clear and logical. P5 - Counterargument - Another leader mentioned, show a trait that he's missing or the opposite of a trait you chose. P6 - Conclusion - Restate main points from intro using different language. Be sure to mention all three traits listed in the thesis statement. 	<ul style="list-style-type: none"> One or two traits missing. P1 - Is missing important setup information. There are issues with the thesis statement; it is missing one or more of the required traits. P2-P4 - Detail paragraphs are missing key information listed in the previous box. P5 - Counterargument - Key elements are missing. P6 - Conclusion - May not properly restate the main points or may not use language different than that used in the introduction. Three traits may not be listed. 	<ul style="list-style-type: none"> To reach this level, much of what is listed in the previous box would be present, but it would be even worse. 	2
